Galveston - Prime for Development

ECONOMIC CLIMATE

Galveston, Texas offers an abundance of resources that culminate into a community rich in history, diversified with significant public and private sector assets and an open portal for sustainable growth and development opportunities. The Galveston economy is anchored by Maritime, Tourism, and Education-Healthcare industries that drive Galveston's economic engine.

GALVESTON'S TOP TEN EMPLOYERS

1	UNIVERSITY OF TEXAS MEDICAL BRANCH	8,948
2	LANDRYS, INC	1,930

STRONG ECONOMIC CLIMATE

Supporting these anchors is a robust finance and insurance sector, growing retail and commercial centers and a housing market experiencing redevelopment at an exponential pace.

These assets coupled with a City significantly investing in infrastructure, transportation, parks and neighborhoods create a unique location for business development, an exceptional quality of life and ultimately the perfect location to live, work and invest for the future.

UNDERSTANDING GALVESTON BY THE NUMBERS

There is a diverse array of competitive advantages for business development and site selection in Galveston. To understand the numbers you must understand the population, commuters, visitors, businesses and students.

Galveston is much more dynamic than the simple data you might find when researching this city. Galveston's base population is just over 50,000 residents. However, Galveston operates as a city of between 75,000 - 100,000. This is due to the vibrant collection of five distinct population sectors that combine on a recurring basis.

Employment Center
Approximately 40,000 jobs on the island

Visitor Destination
Over 7 Million tourists per year visit Galveston Island

Commuter Workforce
Over 60% of the island workers live off-island

Vacation/Second Home Hub
Estimated over 70% of homes on west-end of Galveston are second homes

College Town
Approximately 10,000 college students on the island

Median Household Income
\$49,319

Galveston Population
50,241

Daytime Population
72,802

Median Age
39.8

Graduate Degree or Professional Degree
29.2%

Bachelor's Degree
29.2%

Associate's Degree
7.5%

COST OF LIVING INDEX

The Cost of Living index estimates the relative price levels for consumer goods and services. When applied to wages and salaries, the result is a measure of relative purchasing power. The cost of living is 4.4% lower in Galveston, (95.6) than the US Average.

INDUSTRY SNAPSHOT

Over the next year, employment in Galveston is expected to expand by 411 jobs. The fastest growing sector is expected to be in Health Care and Social Assistance.

Source: Job IQ

ECONOMIC CLIMATE

We are positioned for the future. Future growth is a reality that is evident across the greater Houston-Galveston region. Developments continue at an accelerated pace along the I-45 Corridor from Houston to Galveston. Galveston's proximity to the nation's 4th largest city presents a unique opportunity to take advantage of all that Houston has to offer while benefitting from the quality of life and economic climate of an exceptional coastal barrier island - Galveston, Texas.

Sectors Presenting Opportunities for Rapid Growth:

EMERGING TECHNOLOGY

World Class Research

Home of the Galveston National Lab at the University of Texas Medical Branch (1 of only 2 in the country); Home to a national Maritime Training Academy - Texas A&M University at Galveston (1 of only 6 in the country); Home to Galveston College (voted #1 Community College in Texas); Incubator space (public and private) in development; Emerging Tech ecosystem that continues developing with numerous initiatives and collaborations.

HOUSING

Infill Redevelopment

Exponential growth of vacation rental properties; concentrated efforts focused on infill redevelopment; opportunities for work force housing; un-paralleled location for second home destinations; commercial-retail site development connectivity.

INDUSTRIAL

Location, Location, Location.

4th most popular Cruise Terminal in the U.S.; undeveloped land availability adjacent to deep water; continued expansion and

MULTI-MODAL TRANSPORTATION

Connecting to the World

Houston-Galveston Ship Channel; Galveston Ship Channel; 2 Class 1 Rail Lines; Scholes International Airport; I-45 Improvements; connectivity within the Houston region and to the world.

WORKFORCE DEVELOPMENT

Training for Jobs

Workforce supplies are challenged across the country; Unique and creative solutions are being explored; Galveston's proximity to the 4th largest City in the country, utilization of job training programs with Galveston College and the Texas Workforce Commission; and as a college town with an abundance of students provides opportunity of new strategies and the leveraging of existing assets.

SPORTS TOURISM

Hitting a home run

One of Galveston's strongest emerging sectors; abundance of natural resources; existing destination tourism sector that supports events, tournaments and exhibitions; inventory

+/- 4.7 AC FOR SALE

Seawall Blvd., Galveston, TX 77554

TOURISM

The Galveston Tourism industry has been challenged this past year with a national pandemic, uncertainty for the cruise industry, cancellation of festivals and events, the winter freeze and ultimately the demands of a challenged workforce. Galveston is resilient and a premiere tourism destination. The opportunities for tourism and hospitality sectors is strong and out-performing other markets across the Gulf Coast and beyond.

PARK BOARD AND CVB LEADING THE WAY

The Galveston Park Board of Trustees and Galveston Island Convention and Visitors Bureau have greatly assisted in the response and proactive marketing to lead Galveston's tourism industry through recovery and into the future.

MARITIME

Galveston is home to the first port in Texas and the 4th busiest cruise homeport in North America. Maritime remains a strong engine for growth for the city, county and state, significantly contributing to jobs, tax revenues and the economy. The Galveston Wharves has earned Green Marine certification, making it only the second port in Texas to become accredited in this voluntary environmental program for the North American marine industry.

LONG-TERM SUCCESS

- Third cruise terminal in development - target opening 2022
- 12+ construction projects to advance the master plan
- Earned certification by Green Marine, a voluntary environmental certification program for North American marine industry
- Pelican Island - develop for cargo, industry
- 850 total acres with over 307 developable acres

20-Year Strategic Master Plan

To position the port for long-term success:

- West** - Expanded cargo area, move cargo business from East Port area
- Mid** - Cruise parking garages, remodeled Cruise terminal 1, Pier 19-22 commercial village
- East** - Cruise terminals, commercial/marina village, mass transit

MARITIME

Photo by Robert M. Hooton 2016

The Port of Galveston is a city-owned, self-sustaining entity with no taxing authority and receives no city property taxes.

PORT
1,400 ft wide and 45 ft deep channel

- Major Texas Seaport
- Growing port business benefits Galveston with jobs and tax revenue
- 45 minutes from open seas
- Recent ship channel improvements
- Lay Dockage + 22% | 461 vessels in '20
- Lay Dockage revenue +11% | \$1.1M

CARGO
Supported by rail and truck transportation

- New laydown yard for wind products
- 2 Class 1 Rail Lines / 1 short line
- Minutes from interstate and highways
- Cargo includes grain, fresh fruit, wind components, RO-RO cargo
- 4.2M short-ton of cargo + 6% over 2019
- Expanding west end cargo

CRUISE
4th busiest cruise port in North America

- Top 10 Cruise ports in the World
- Over 10 million passengers since 2010
- Two current cruise terminals recently renovated
- New Royal Caribbean Cruise Terminal in development
- Over \$125M onshore spending
- Approximately \$100K in health/safety enhancements for Galveston Cruise Terminals

Flood Zone Determination Report

Flood Zone Determination: **OUT**

COMMUNITY	485469	PANEL	0526G
PANEL DATE	August 15, 2019	MAP NUMBER	48167C0526G

Definitions of FEMA Flood Zone Designations

Zones indicating mandatory purchase of flood insurance in participating communities

ZONE	DESCRIPTION
A	Areas subject to a one percent or greater annual chance of flooding in any given year. Because detailed hydraulic analyses have not been performed on these areas, no base flood elevations are shown.
AE, A1-A30	Areas subject to a one percent or greater annual chance of flooding in any given year. Base flood elevations are shown as derived from detailed hydraulic analyses (Zone AE is used on new and revised maps in place of Zones A1-A30).
AH	Areas subject to a one percent or greater annual chance of shallow flooding in any given year. Flooding is usually in the form of ponding with average depths between one and three feet. Base flood elevations are shown as derived from detailed hydraulic analyses.
AO	Areas subject to a one percent or greater annual chance of shallow flooding in any given year. Flooding is usually in the form of sheet flow with average depths between one and three feet. Average flood depths are shown as derived from detailed hydraulic analyses.
AR	Areas subject to a one percent or greater annual chance of flooding in any given year due to a temporary increase in flood hazard from a flood control system that provides less than its previous level of protection.
A99	Areas subject to a one percent or greater annual chance of flooding in any given year, but will ultimately be protected by a flood protection system under construction. No base flood elevations or flood depths are shown.
V	Areas along coasts subject to a one percent or greater annual chance of flooding in any given year that also have additional hazards associated with velocity wave action. Because detailed hydraulic analyses have not been performed on these areas, no base flood elevations are shown.
VE, V1-V30	Areas along coasts subject to a one percent or greater annual chance of flooding in any given year that include additional hazards associated with velocity wave action. Base flood elevations are shown as derived from detailed hydraulic analyses. (Zone VE is used on new and revised maps in place of Zones V1-V30.)

CoreLogic® Flood Services has led the industry in providing fast, reliable and accurate flood risk data for 20 years. More than one million users rely on us to assess risk; support underwriting, investment and marketing decisions; prevent fraud; and improve performance in their daily operations.

Zones indicating non-mandatory (but available) purchase of flood insurance in participating communities

ZONE	DESCRIPTION
D	Areas of undetermined flood hazard where flooding is possible.
X, C	Areas of minimal flood hazard from the principal source of flood in the area and determined to be outside the 0.2 percent annual chance floodplain. (Zone X is used on new and revised maps in place of Zone C.)
X (Shaded), X500, B	Areas of moderate flood hazard from the principal source of flood in the area, determined to be within the limits of one percent and 0.2 percent annual chance floodplain. (Shaded Zone X is used on new and revised maps in place of Zone B.)
XFUT	For communities which elect to incorporate future floodplain conditions into their FIRMs, the future flood zone shown on the new map indicates the areas which the community believes will become the one percent annual chance floodplain (or the future Special Flood Hazard Area), due to projected urban development and land use.
None	Areas of undetermined flood hazard that do not appear on a Flood Insurance Rate Map or Flood Hazard Boundary Map, where flooding is possible.

2020 Median Age	46.5	42.7	44.5
2024 Male Population	48.4%	49.0%	52.0%
2024 Female Population	51.6%	51.0%	48.0%
2024 Median Age	46.6	42.8	44.7

In the identified area, the current year population is 23,082. In 2020, the Census count in the area was 23,125. The rate of change since 2020 was -0.04% annually. The five-year projection for the population in the area is 22,459 representing a change of -0.55% annually from 2024 to 2029. Currently, the population is 52.0% male and 48.0% female.

Median Age

The median age in this area is 44.7, compared to U.S. median age of 39.3.

Race and Ethnicity

2024 White Alone	66.9%	55.3%	46.0%
2024 Black Alone	8.5%	12.6%	22.9%
2024 American Indian/Alaska Native Alone	0.6%	1.0%	1.2%
2024 Asian Alone	4.6%	3.0%	1.3%
2024 Pacific Islander Alone	0.1%	0.0%	0.1%
2024 Other Race	7.3%	12.4%	14.0%
2024 Two or More Races	12.1%	15.6%	14.5%
2024 Hispanic Origin (Any Race)	22.7%	35.1%	34.3%

Persons of Hispanic origin represent 34.3% of the population in the identified area compared to 19.6% of the U.S. population. Persons of Hispanic Origin may be of any race. The Diversity Index, which measures the probability that two people from the same area will be from different race/ethnic groups, is 83.3 in the identified area, compared to 72.5 for the U.S. as a whole.

Households

2024 Wealth Index	86	82	62
2010 Households	2,519	5,828	8,110
2020 Households	2,921	7,247	9,158
2024 Households	2,986	7,270	9,252
2029 Households	2,992	7,144	9,142
2010-2020 Annual Rate	1.49%	2.20%	1.22%
2020-2024 Annual Rate	0.52%	0.07%	0.24%
2024-2029 Annual Rate	0.04%	-0.35%	-0.24%
2024 Average Household Size	1.98	2.19	2.27

The household count in this area has changed from 9,158 in 2020 to 9,252 in the current year, a change of 0.24% annually. The five-year projection of households is 9,142, a change of -0.24% annually from the current year total. Average household size is currently 2.27, compared to 2.30 in the year 2020. The number of families in the current year is 4,841 in the specified area.

Data Note: Income is expressed in current dollars. Housing Affordability Index and Percent of Income for Mortgage calculations are only available for areas with 50 or more owner-occupied housing units. The Gini index measures the extent to which the distribution of income or consumption among individuals or households within an economy deviates from a perfectly equal distribution. A Gini index of 0 represents perfect equality, while an index of 100 implies perfect inequality.

2024 Vacant Housing Units	1,643	2,623	3,895
2029 Total Housing Units	4,651	9,908	13,171
2029 Owner Occupied Housing Units	1,381	3,558	4,493
2029 Renter Occupied Housing Units	1,611	3,585	4,650
2029 Vacant Housing Units	1,659	2,764	4,029
Socioeconomic Status Index			
2024 Socioeconomic Status Index	51.4	46.8	40.9

Currently, 33.5% of the 13,147 housing units in the area are owner occupied; 36.9%, renter occupied; and 29.6% are vacant. Currently, in the U.S., 57.9% of the housing units in the area are owner occupied; 32.1% are renter occupied; and 10.0% are vacant. In 2020, there were 13,016 housing units in the area and 29.5% vacant housing units. The annual rate of change in housing units since 2020 is 0.24%. Median home value in the area is \$341,659, compared to a median home value of \$355,577 for the U.S. In five years, median value is projected to change by 4.63% annually to \$428,326.

Data Note: Income is expressed in current dollars. Housing Affordability Index and Percent of Income for Mortgage calculations are only available for areas with 50 or more owner-occupied housing units. The Gini index measures the extent to which the distribution of income or consumption among individuals or households within an economy deviates from a perfectly equal distribution. A Gini index of 0 represents perfect equality, while an index of 100 implies perfect inequality.

Data Note:The Traffic Profile displays up to 30 of the closest available traffic counts within the largest radius around your site. The years of the counts in the database range from 2024 to 2000. Esri removes counts that are older than 2000 from the Kalibrate provided database. Traffic counts are identified by the street on which they were recorded, along with the distance and direction to the closest cross-street. Distances displayed as 0.00 miles (due to rounding), are closest to the site. A traffic count is defined as the two-way Average Daily Traffic (ADT) that passes that location.

Information About Brokerage Services

Texas law requires all real estate licensees to give the following information about brokerage services to prospective buyers, tenants, sellers and landlords.

TYPES OF REAL ESTATE LICENSE HOLDERS:

- **A BROKER** is responsible for all brokerage activities, including acts performed by sales agents sponsored by the broker.
- **A SALES AGENT** must be sponsored by a broker and works with clients on behalf of the broker.

A BROKER'S MINIMUM DUTIES REQUIRED BY LAW (A client is the person or party that the broker represents):

- Put the interests of the client above all others, including the broker's own interests;
- Inform the client of any material information about the property or transaction received by the broker;
- Answer the client's questions and present any offer to or counter-offer from the client; and
- Treat all parties to a real estate transaction honestly and fairly.

A LICENSE HOLDER CAN REPRESENT A PARTY IN A REAL ESTATE TRANSACTION:

AS AGENT FOR OWNER (SELLER/LANDLORD): The broker becomes the property owner's agent through an agreement with the owner, usually in a written listing to sell or property management agreement. An owner's agent must perform the broker's minimum duties above and must inform the owner of any material information about the property or transaction known by the agent, including information disclosed to the agent or subagent by the buyer or buyer's agent.

AS AGENT FOR BUYER/TENANT: The broker becomes the buyer/tenant's agent by agreeing to represent the buyer, usually through a written representation agreement. A buyer's agent must perform the broker's minimum duties above and must inform the buyer of any material information about the property or transaction known by the agent, including information disclosed to the agent by the seller or seller's agent.

AS AGENT FOR BOTH - INTERMEDIARY: To act as an intermediary between the parties the broker must first obtain the written agreement of each party to the transaction. The written agreement must state who will pay the broker and, in conspicuous bold or underlined print, set forth the broker's obligations as an intermediary. A broker who acts as an intermediary:

- Must treat all parties to the transaction impartially and fairly;
- May, with the parties' written consent, appoint a different license holder associated with the broker to each party (owner and buyer) to communicate with, provide opinions and advice to, and carry out the instructions of each party to the transaction.
- Must not, unless specifically authorized in writing to do so by the party, disclose:
 - that the owner will accept a price less than the written asking price;
 - that the buyer/tenant will pay a price greater than the price submitted in a written offer; and
 - any confidential information or any other information that a party specifically instructs the broker in writing not to disclose, unless required to do so by law.

AS SUBAGENT: A license holder acts as a subagent when aiding a buyer in a transaction without an agreement to represent the buyer. A subagent can assist the buyer but does not represent the buyer and must place the interests of the owner first.

TO AVOID DISPUTES, ALL AGREEMENTS BETWEEN YOU AND A BROKER SHOULD BE IN WRITING AND CLEARLY ESTABLISH:

- The broker's duties and responsibilities to you, and your obligations under the representation agreement.
- Who will pay the broker for services provided to you, when payment will be made and how the payment will be calculated.

LICENSE HOLDER CONTACT INFORMATION: This notice is being provided for information purposes. It does not create an obligation for you to use the broker's services. Please acknowledge receipt of this notice below and retain a copy for your records.
